The Pioneers In Linux Training

make learning an experience @ amrita

About Amrita Technologies

Amrita the pioneers, authorized training and certification partners for RedHat Linux / JBOSS, the in demand technologies since 2002. We provide End to End Solutions in Linux System Administration, Security, Virtualization, Clustering & Storage, Data Centre, Architect, Cloud Computing, Middleware Courses. The information technology is evolving rapidly. At Amrita we are always looking for an edge that will make our students competitive and successful.

Award winner of "The Best Redhat Certified Training Partner for Commitment, Collaboration & Consistency in Quality Training & Support"

Red Hat Enterprise Virtualization (RH318)

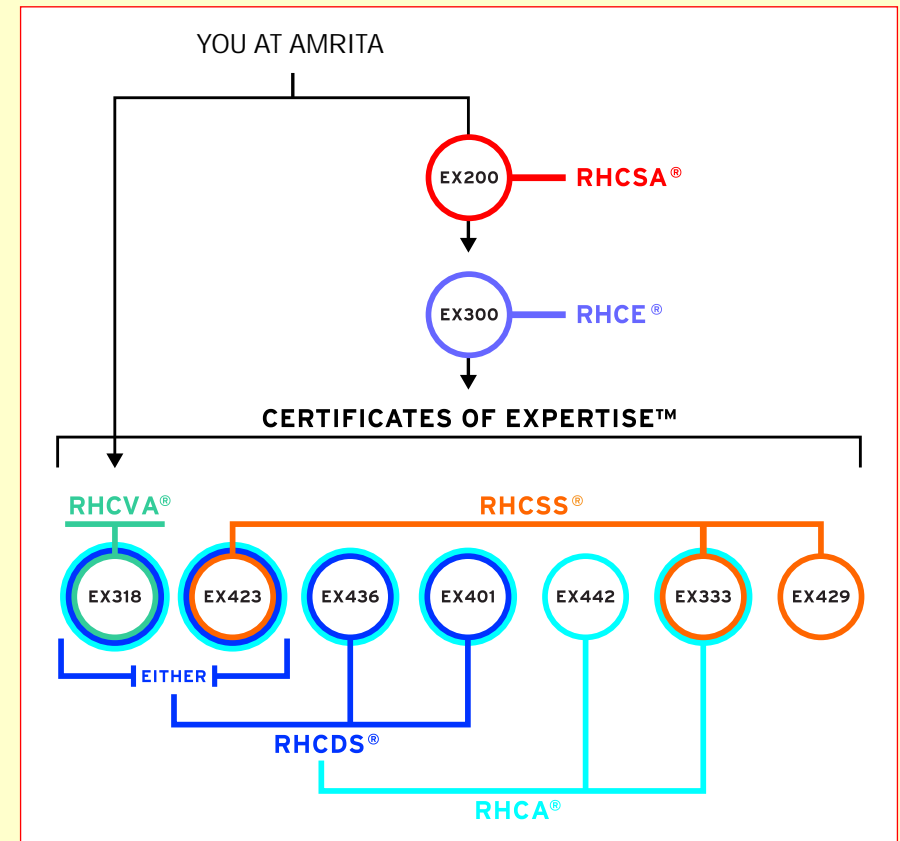

The skills required to deploy and manage virtual environments

RedHat® Enterprise Virtualization (RH318) teaches experienced system administrators how to use the virtualization features of Red Hat Enterprise Linux® managed through the Red Hat Enterprise Virtualization suite. Students acquire the skills and knowledge to effectively create, deploy, manage, and migrate Linux and Microsoft Windows virtual machines hosted on either dedicated Red Hat Enterprise Virtualization Hypervisor nodes or Red Hat Enterprise Linux servers using Red Hat Enterprise Virtualization Manager. With hands-on labs and a deep dive into the technology, this training course is the perfect first step for any enterprise planning or executing a virtualization deployment strategy.

This course also helps candidates prepare for the Red Hat Enterprise Virtualization Administrator Exam (EX318), which, if passed, earns them the Red Hat Certified Virtualization Administrator (RHCVA) certification.

Course content summary:

; Deploy Red Hat Enterprise Virtualization platform ; Configure Red Hat Enterprise Virtualization environment (datacenters, clusters, and storage domains) ; Install manage and troubleshoot virtual machines (servers and desktops) ; Create virtual machine snapshots and explore high-availability options ; Use templates for rapid virtual machine deployment ; Secure Red Hat Enterprise Virtualization environment with multilevel administrative roles ; Monitor and create custom reports.

Certifications

RHCSA	Red Hat Certified System Administrator
RHCE	Red Hat Certified Engineer
RHCVA	Red Hat Certified Virtualization Administrator
RHCSS	Red Hat Certified Security Specialist
RHCDS	Red Hat Certified Datacenter Specialist
RHCA	Red Hat Certified Architect

Expertise exams

EX318	Enterprise Virtualization
EX333	Enterprise Security: Network Services
EX401	Deployment and System Management
EX423	Directory Services and Authentication
EX429	SELinux Policy Administration
EX436	Clustering and Storage Management
EX442	Enterprise Performance Tuning
